Composite PREMIUM shall only start addressing the fault after validation of the claim. It then takes steps to:

- replace defective or confirmed non-compliant Composite PREMIUM goods with similar Composite PREMIUM products, which may be of a slightly different colour, or

- refund a fraction of the purchase price paid by the buyer for the defective item.

The option chosen remains at our exclusive discretion.

The warranty shall take into account the date of purchase of the faulty Composite PREMIUM goods and their overall condition. An estimate of the depreciation in the goods' value due to fair wear and tear will then be made.

We reserves the right to discontinue, at any time, any Composite PREMIUM deck board, decking profiles or accessories.

The expenses incurred by removing or replacing defective Composite PREMIUM decking products (shipping, delivery, removal or re-installation costs) are not covered by this warranty.

No person or legal entity is authorized by Composite PREMIUM to enter into any commitments or make any declarations (and Composite PREMIUM shall not be bound by any declaration of this type) as to the characteristics, performances and any recommendation regarding installation of Composite PREMIUM decking products in any terms other than those contained herein, and in our installation instructions.

Under no circumstances shall Composite PREMIUM be liable for any special, accidental or indirect compensation, and its obligation regarding the faulty goods shall not under any circumstances exceed the cost of replacing said goods or refunding their cost as described above.
